REVENUE REGULATIONS NO. 9-2008

SUBJECT : Basis of the Fifteen Percent (15%) Share of the Beneficiary Provinces in the Excise Tax Collection from Locally Manufactured Virginia-Type Cigarettes under Republic Act No. 7171

TO : All Internal Revenue Officers and Others Concerned

BACKGROUND:

From the time of the effectivity on January 9, 1992 of Republic Act No. 7171, “An Act to Promote the Development of the Farmers in the Virginia Tobacco-Producing Provinces”, the farmers of the Virginia tobacco-producing provinces benefited from excise taxes collected by the Bureau of Internal Revenue (BIR) on the locally manufactured cigarettes using Virginia-leaf tobacco thru the allocated fifteen percent (15%) share provided by the said Act to them. This benefit represents the financial assistance of the Government for the developmental projects in the applicable or covered areas, as enumerated in the objectives of the Act, in order to advance the self-reliance of the tobacco farmers, which projects are to be implemented by the local governments of the provinces concerned.

However, the said benefits were significantly reduced since 2002 by reason of the different position adopted by the previous BIR administrations with respect to the legal interpretation on the proper basis of the 15% allocable share prescribed by the said Act, to the disappointment of the beneficiary provinces adversely affected by the said BIR position, as continuously raised by the concerned local government units and legislators representing the beneficiary provinces.

In order to settle the issue on the matter in accordance with the spirit of the Act, these Revenue Regulations is, therefore, prepared and issued.
